E

EDITORIALS by Alvarez, Walter C.
January: Progress of pain clinics in England; Judging malignancy of colonic polyps 132
February: A possible origin of aging in cells; A special hotel for the elderly; Plasma fibrinogen and tumor growth 169
March: Living with a man who is dying; Beer and wine benefit elderly patients 140
April: A reminder about little strokes 159
May: Calming dyskinesias induced by levodopa; Why don't people wear hearing aids?; The right to die 184
June: Diet and diverticular disease; Ageless advice on aging 136
July: Are small colonic polyps cancerous?; Separate bedrooms solve problems 133
August: Check liver function before operating for colonic cancer; Who are the centenarians? 130
October: Several factors influence longevity; The folly of retirement at age 65 153
November: Clinic for senior citizens provides low-cost care; Can aging cause anemia?; A new breed of nurse 191
Ear
COMMON HEARING DISORDERS: METHODS OF DIAGNOSIS AND TREATMENT, round table 49 (Aug)
deafness, sudden 75 (Aug)
hearing loss, noise-induced 58 (Aug)
Meniere's disease 78 (Aug)
otitis media 68 (Aug)
otosclerosis 62 (Aug)
presbycusis 50 (Aug)
Education: See Medical education
Embolism: See Lung
Employment
community program for low-income elderly (Government & Geriatrics) 27 (Nov)
Esophagus
drug side effects 59 (June)
Exercise
benefits, psychological and physical (Viewpoint) 40 (Jan)

F

Familial disease
Werner's syndrome, cardiac findings 141 (Feb)

short course (humorous sketch) 129 (Jan)
GERISCOPE
January: Gearing up for peer review at the local level 136
February: Higher hopes, bigger fears revolve around new legislation 174
March: M.R.P. Hall/The lure of geriatric medicine 144
April: William Borman/Dental problems of the elderly are important but too often neglected 162
May: Arthur N. Schwartz/Retirement: Termination or transition 190
June: O.H.D. Portsmouth/Psychogeriatrics: A design for care of mentally ill older patients 142
July: Stanley R. Dean/Geriatric sexuality: Normal, needed, and neglected 134
August: Sheldon Zimberg/Two types of problem drinkers: Both can be managed 135
December: Emil F. Pascarelli/Drug dependence: An age-old problem compounded by old age 109
GOVERNMENT & GERIATRICS
January: HEW outlines Medicaid options, awards grants for study of elderly 20
February: Advisory panel recommends easing restrictions on mental health care 20
March: Fee regulations modified to promote flexibility, improve productivity 22
April: Political implications abound in national health insurance proposals 22
May: Proposed health legislation would greatly augment benefits for aged 26
June: Senate committee focuses on timely problem of transportation 22
July: Triad of legislative programs aims at health care reform 22
August: Institute on Aging becomes reality but funding likely to be delayed 18
September: Senator suggests a specially tailored consumer price index 22
October: Preparation for Institute on Aging may be complete by December 26
November: Funds, regulations back research, care for the ill, jobs for the healthy 27
December: Review of legislative record suggests 1974 was a pretty good year 15

V

VIEWPOINT
January: Regular exercise program is beneficial psychologically as well as physically (C. Carson Conrad) 40
February: Legislation is designed to provide comprehensive national health care (William R. Roy) 43
March: Nutritional needs of elderly are intertwined with other factors and attitudes affecting health (Donald M. Watkin) 40
April: Global forum will focus on ways to improve and enrich the later years (Bernard E. Nash) 46
May: New program providing benefits to needy aged is under way (James B. Cardwell) 46
June: Proposals would correct inequities, protect civil and economic rights of aged (Charles H. Percy) 38
July: HMO legislation directed toward more benefits for more people (Paul Bennett Batalden) 38
August: Prepaid group practice stresses early treatment and comprehensive outpatient care (Maurice J. McKay) 38
September: Senior citizens' organization promotes direct services, legislative reforms (Nelson H. Cruikshank) 46
October: Inflation-produced crises hit hardest at elderly, need action at the national level (Alan Cranston) 48
November: Community center concept would expand options for long-term care (Barber B. Conable, Jr.) 51
December: Consortium-sponsored clinic is a mecca for city's seniors (George Bonewell) 32
Viruses
influenza, epidemiology 103 (Oct)
